## **A Parent's and Child's Guide to Captain Underpants: An Unofficial Companion for Parents and Children** BookCaps

Captain Underpants is one of the most banned or challenged books in publication--should you let your child read it? This unofficial guide explains the controversy, and explores different positive and negative themes and plots. If you are concerned with letting your child read the series, this book will help you see what the book is all about and if it's okay to let your child read it. This book also contains two discussion questions for each book in the series for parents to help their children think critically about what they have read. This study guide does NOT contain text from the actual book, and is not meant to be purchased as alternatives to reading the book. This study guide is an unofficial companion and not endorsed by the author or publisher of the book. We all need refreshers every now and then. Whether you are a student trying to cram for that big final, or someone just trying to understand a book more, BookCaps can help. We are a small, but growing company, and are adding titles every month.
