Caesar's Legion: The Epic Saga of Julius Caesar's Elite Tenth Legion and the Armies of Rome Stephen Dando-Collins

A unique and splendidly researched story, following the trials and triumphs of Julius Caesar's Legio X—arguably the most famous legion of its day—from its activation to the slogging battle of Munda and from Thapsus, Caesar's tactical masterpiece, to the grim siege of the Jewish fortress of Masada. More than a mere unit account, it incorporates the history of Rome and the Roman army at the height of their power and gory glory. Many military historians consider Caesar's legions the world's most efficient infantry before the arrival of gunpowder. This book shows why. Written in readable, popular style, *Caesar's Legion* is a must for military buffs and anyone interested in Roman history at a critical point in European civilization.

—T. R. Fehrenbach, author of *This Kind of War*, *Lone Star*, and *Comanches*

Stephen Dando-Collins paints a vivid and definitive portrait of daily life in the Tenth Legion as he follows Caesar and his men along the blood-soaked fringes of the Empire. This unprecedented regimental history reveals countless previously unknown details about Roman military practices, Caesar's conduct as a commander and his relationships with officers and legionaries, and the daily routine and discipline of the Legion. From penetrating insights into the mind of history's greatest general to a grunt's-eye view of the gruesome realities of war in the Classical Age, this unique and riveting true account sets a new standard of excellence and detail to which all authors of ancient military history will now aspire.
