Secrets of a Small Hotel is the on-going story of adventures taking place in the Hotel Marcel in Paris near the Eiffel Tower, a sequel to the original There's a Small Hotel, published in 2014. The narrator, an attractive American widow in her 60s, returns to find much has changed, not only in the lives of apartment residents across the street, but within the Hotel Marcel itself. She encounters a deceptive English woman involved in art fraud; a young African-American in search of his father; even a violent murder, partially seen by the narrator from her balcony. She also finds an unexpected and exciting romantic liaison, and witnesses the opening of a grand, new hotel next door, named The Majestic. Secrets of a Small Hotel takes place in the month of May in Paris. The narrator determines to come back again to the Hotel Marcel at Christmas, her adventures to be continued in a new book titled, The Hotel Next Door.
