Doubt Elena M

For the past two years, Lilly McAllister has been struggling to keep her family afloat. Since the untimely death of her husband, she has endured all the trials and tribulations of raising two teenagers on her own—complete with rebellion, mood swings, hormones, and first loves.

But the single-parent lifestyle is about to get much more difficult for Lilly and her family. A recent string of grisly murders has been terrorizing their area—and when the eldest McAllister daughter witnesses the man who might be responsible, the family is dragged into the investigation against their wills.

Along with the unwanted drama, old wounds reopen and the family dynamic veers off balance once again. It's up to Lilly to find ways to bring stability and peace back to their home—a nearly impossible feat when their lives now hinge on such a heinous set of crimes.

Combining true-to-life family issues with a compelling murder investigation, *Doubt* paints an unforgettable picture of the struggles of single parenting, love, and loss—with a central mystery that will keep readers guessing until the very end.
