Blake Thompson, the billionaire with everything that a man could ask for, he's got the finances and the chiseled features. He has a model wife, and they live in his estate along with her two step children. It's a picture perfect family. Behind the curtains, his wife is a lioness in bed who satisfies his every desire. **Well, almost every desire.** But Blake has a desire that she can't satisfy, and a **secret** that she is not aware of.

His step daughter, an almost nineteen year old, is a spoilt brat. Her transgressions often bring shame to the family name and land them in tabloids. Blake has been **wanting to teach her a lesson**, but his daughter knows well where she stands and that she can get away with anything.

All of that changes one night when Blake's secret brings both him and his step daughter to the same place. There is only a glass wall between them; she can't see him but he can. And that is when **he decides to teach her a lesson**: A lesson that will change the course of their relationship, and fulfill his **dirty desire**.
