Juanita : A Romance of Real Life in Cuba Fifty Years Ago

Originally published in 1887 and never before reprinted, *Juanita* is a historical romance based on Mary Peabody Mann's experience of living on a Cuban slaveholder's plantation from 1833 to 1835. The novel centers on the extended visit of Helen Wentworth, a New England teacher, to a childhood friend's plantation, where she witnesses African slaves' arrivals and their sale and gross mistreatment at the hands of coffee and sugar planters. *Juanita* is a beautiful mulatta slave with whom the plantation owner's son falls in love. Extending the tradition of Gothic fiction in the Americas, Mann's novel raises questions about the relation of slavery in the Caribbean to that in the United States, and between romance and race, adding an important element to our understanding of nineteenth-century American literature. Patricia M. Ard's introductory essay places Mann- with her literary gifts and intellectual connections to Nathaniel Hawthorne, Ralph Waldo Emerson, and Henry David Thoreau- at the very center of the American Renaissance and American reform movements.
