Vintage Erotic fiction from the late 1800s. Beatrice is the story of a young girl who is initiated into the pleasures and pains of the flesh by an older woman who is both liberal and a strict disciplinarian. At first beaten into submission, her pupil then submits willingly to being beaten into pleasure. She narrates the story of her initiation in explicit, not to say painful, not to say exquisite, detail in the course of which her growing enthusiasm for a variety of erotic pleasures, including heterosexual ones, is whipped up.

Excerpt:

In presenting to a critical public this narrative of a delightful experience, I am conscious of an inability to do justice to the indescribable charm of my subject.

A true daughter of the Paphian goddess, Flossie added to the erotic allurements inherited from her immortal mother a sense of humour which is not traceable in any of the proceedings on Mount Ida or elsewhere. If some of those deeds, as here set down, should seem to appertain to a somewhat advanced school of amatory action, I beg objectors to remember that Flossie belongs to the end of the century, when such things are done, to the safety, comfort and delight of vast numbers of fair English girls, and to the unspeakable enjoyment of their adorers.

But it was her companion that riveted my gaze of almost breathless admiration. This was a young girl of sixteen, of such astounding beauty of face and figure as I had never seen or dreamt of.

Masses of bright, wavy, brown hair fell to her waist. Deep violet eyes looked out from under long curling lashes, and seemed to laugh in unison with the humorous curves of the full red lips. These and a thousand other charms I was to know by heart later on, but what struck me most at this view, was the extraordinary ...
