Politics as Form in Lars von Trier: A Post-Brechtian Reading Angelos Koutsourakis

This is the first study that employs a materialist framework to discuss the political implications of form in the films of Lars von Trier. Focusing mainly on early films, *Politics as Form in Lars von Trier* identifies recurring formal elements in von Trier's oeuvre and discusses the formal complexity of his films under the rubric of the post-Brechtian. Through an in depth formal analysis, the book shows that Brecht is more important to von Trier's work than what most critics seem to acknowledge and deems von Trier as a dialectical filmmaker. This study draws on many untranslated resources and features an interview with Lars von Trier, and another one with his mentor – the great Danish director Jørgen Leth.
