Android Studio Development Essentials: Android 5 Edition Neil Smyth

The objective of this book is to teach the skills necessary to develop Android applications using Android Studio and the Android 5 Software Development Kit (SDK).

Note: This is the Android 5 edition of the book. For coverage of the Android 6 SDK and the latest version of Android Studio we recommend Android Studio Development Essentials: Android 6 Edition.

Beginning with the basics, this book provides an outline of the steps necessary to set up an Android Studio based development and testing environment.

An overview of Android Studio is included covering areas such as tool windows, the code editor and the user interface Designer tool. An introduction to the architecture of Android is followed by an in-depth look at the design of Android applications and user interfaces using Android Studio.

More advanced topics such as database management, content providers and intents are also covered, as are touch screen handling, gesture recognition, camera access and the playback and recording of both video and audio. This edition of the book also covers features introduced with Android 4.4 including printing, transitions and cloud-based file storage.

In addition to covering general Android development techniques, the book also includes Google Play specific topics such as implementing maps using the Google Maps Android API, in-app billing and submitting apps to the Google Play Developer Console.

Chapters also cover advanced features of Android Studio such as Gradle build configuration and the implementation of build variants to target multiple Android device types from a single project code base.

Assuming you already have some Java programming experience, are ready to download Android Studio and the Android SDK, have access to a Windows, Mac or Linux system and ideas for some apps to develop, you are ready to get started.

From reader reviews:

Katy Pinkham:

The book Android Studio Development Essentials: Android 5 Edition gives you the sense of being enjoy for your spare time. You need to use to make your capable much more increase. Book can being your best friend when you getting tension or having big problem together with your subject. If you can make examining a book Android Studio Development Essentials: Android 5 Edition being your habit, you can get a lot more advantages, like add your capable, increase your knowledge about many or all subjects. It is possible to know everything if you like wide open and read a guide Android Studio Development Essentials: Android 5 Edition. Kinds of book are a lot of. It means that, science publication or encyclopedia or others. So , how do you think about this book?

William Johnson:

Reading a e-book can be one of a lot of activity that everyone in the world enjoys. Do you like reading book consequently. There are a lot of reasons why people enjoyed. First reading a e-book will give you a lot of new info. When you read a guide you will get new information due to the fact book is one of several ways to share the information or even their idea. Second, reading a book will make a person more imaginative. When you studying a book especially fictional book the author will bring that you imagine the story how the character types do it anything. Third, you could share your knowledge to other people. When you read this Android Studio Development Essentials: Android 5 Edition, it is possible to tells your family, friends along with soon about yours book. Your knowledge can inspire the mediocre, make them reading a book.

Blanche Ball:

The reason? Because this Android Studio Development Essentials: Android 5 Edition is an unordinary book that the inside of the e-book waiting for you to snap the item but latter it will surprise you with the secret this inside. Reading this book adjacent to it was fantastic author who all write the book in such wonderful way makes the content on the inside easier to understand, entertaining technique but still convey the meaning totally. So , it is good for you because of not hesitating having this ever again or you going to regret it. This unique book will give you a lot of benefits than the other book possess such as help improving your proficiency and your critical thinking technique. So , still want to hesitate having that book? If I were you I will go to the reserve store hurriedly.

Eugene Ruano:

Playing with family within a park, coming to see the ocean world or hanging out with friends is thing that usually you will have done when you have spare time, subsequently why you don't try thing that really opposite from that. One activity that make you not experiencing tired but still relaxing, trilling like on roller coaster you already been ride on and with addition details. Even you love Android Studio Development Essentials: Android 5 Edition, it is possible to enjoy both. It is fine combination right, you still need to miss

it? What kind of hang type is it? Oh occur its mind hangout people. What? Still don't get it, oh come on its identified as reading friends.
