Promoting Normal Birth: Research, Reflections & Guidelines (American Edition) (Fresh Heart Books for Better Birth)

Promoting Normal Birth: Research, Reflections & Guidelines (American Edition) (Fresh Heart Books for Better Birth)

An international collaboration of lecturers, practitioners and researchers. Each chapter considers a topic relevant to normalizing maternity care. Topics include: routine interventions • epidurals • physiological third and fourth stages • longer labors and approaches to monitoring / intervention • most effective models of care • birth centers • home birth • mental health • doulas • reasons for intervention • links between research and practice • harmonizing models of birth • caseload midwifery • including 'normality' on medical training courses • the symbolic value of birth • developments in China, the UAE, Brazil and other countries where dramatic changes are taking place (e.g. in sub-Saharan Africa) • the 'natural' cesarean • individual agents for change • intrapartum best practice • ways of supporting women laboring without pharmacological pain relief • water birth • VBAC • the role of regulatory bodies • ways of publicizing your work • communication for best results • review of progress and pointers for future research. Questions and extracts provide stimulating reflection and seminar material. For midwives, obstetricians, family doctors, doulas and other maternity caregivers. "I strongly recommend this book to midwives, obstetricians, doctors and hospital administrators. It carefully reviews the scientific data." Marsden Wagner-who was director of Women's and Children's Health at the World Health Organization for 15 years, before his retirement.

Try to choose the best book to suit your needs and try to like reading that.

James Coles:

As a pupil exactly feel bored to reading. If their teacher requested them to go to the library as well as to make summary for some book, they are complained. Just minor students that has reading's internal or real their pastime. They just do what the trainer want, like asked to go to the library. They go to right now there but

nothing reading seriously. Any students feel that looking at is not important, boring along with can't see colorful pics on there. Yeah, it is to be complicated. Book is very important for you. As we know that on this period of time, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore this Promoting Normal Birth: Research, Reflections & Guidelines (American Edition) (Fresh Heart Books for Better Birth) can make you sense more interested to read.
