This book will teach you how to make the entire alphabet of letters, upper case and lower case in wire. It steps you through the process, giving information on what tools you need and what wire to use. It also gives you examples of full names you can make with the wire.

The idea is to instruct you on how to make two types of wearable personalized name jewelry, namely a Name Necklace (pendant) and a Name Pin. You can then either do this as a hobby or take it one step further and make a small personalized name jewelry business out of it.

I have personally made this my living for the last 28 years, now I would like to teach you.
