This book constitutes the refereed proceedings of the 11th Joint Conference on Knowledge-Based Software-Engineering, JCKBSE 2014, held in Volgograd, Russia, in September 2014. The 59 full and 3 short papers presented were carefully reviewed and selected from 197 submissions. The papers are organized in topical sections on methodology and tools for knowledge discovery and data mining; methods and tools for software engineering education; knowledge technologies for semantic web and ontology engineering; knowledge-based methods and tools for testing, verification and validation, maintenance and evolution; natural language processing, image analysis and recognition; knowledge-based methods and applications in information security, robotics and navigation; decision support methods for software engineering; architecture of knowledge-based systems, including intelligent agents and softbots; automating software design and synthesis; knowledge management for business processes, workflows and enterprise modeling; knowledge-based methods and applications in bioscience, medicine and justice; knowledge-based requirements engineering, domain analysis and modeling; intelligent user interfaces and human-machine interaction; lean software engineering; program understanding, programming knowledge, modeling programs and programmers.

They may be reading whatever they consider because their hobby is reading a book. Think about the person who don't like studying a book? Sometime, man or woman feel need book after they found difficult problem or maybe exercise. Well, probably you will want this Knowledge-Based Software Engineering: 11th Joint Conference, JCKBSE 2014, Volgograd, Russia, September 17-20, 2014. Proceedings (Communications in Computer and Information Science).

**Deborah Anderson:**

Information is provisions for anyone to get better life, information these days can get by anyone on everywhere. The information can be a information or any news even a concern. What people must be consider whenever those information which is from the former life are hard to be find than now's taking seriously which one is acceptable to believe or which one often the resource are convinced. If you find the unstable resource then you obtain it as your main information you will have huge disadvantage for you. All of those possibilities will not happen in you if you take Knowledge-Based Software Engineering: 11th Joint Conference, JCKBSE 2014, Volgograd, Russia, September 17-20, 2014. Proceedings (Communications in Computer and Information Science) as the daily resource information.

**Rod Doughty:**

People live in this new time of lifestyle always try to and must have the time or they will get large amount of stress from both day to day life and work. So , whenever we ask do people have spare time, we will say absolutely without a doubt. People is human not a robot. Then we request again, what kind of activity do you have when the spare time coming to an individual of course your answer will unlimited right. Then do you ever try this one, reading publications. It can be your alternative within spending your spare time, often the book you have read is definitely Knowledge-Based Software Engineering: 11th Joint Conference, JCKBSE 2014, Volgograd, Russia, September 17-20, 2014. Proceedings (Communications in Computer and Information Science).

**Louis Ono:**

Do you have something that that suits you such as book? The e-book lovers usually prefer to pick book like comic, small story and the biggest one is novel. Now, why not hoping Knowledge-Based Software Engineering: 11th Joint Conference, JCKBSE 2014, Volgograd, Russia, September 17-20, 2014. Proceedings (Communications in Computer and Information Science) that give your fun preference will be satisfied by

simply reading this book. Reading routine all over the world can be said as the means for people to know world a great deal better than how they react toward the world. It can't be claimed constantly that reading habit only for the geeky man but for all of you who wants to become success person. So , for all of you who want to start examining as your good habit, you can pick Knowledge-Based Software Engineering: 11th Joint Conference, JCKBSE 2014, Volgograd, Russia, September 17-20, 2014. Proceedings (Communications in Computer and Information Science) become your own starter.
