**Autobiography Of Benjamin Franklin** Benjamin Franklin

*The Autobiography of Benjamin Franklin* is the traditional name for the unfinished record of his own life written by Benjamin Franklin from 1771 to 1790; however, Franklin himself appears to have called the work his *Memoirs*.

Although it had a tortuous publication history after Franklin's death, this work has become one of the most famous and influential examples of autobiography ever written.

Franklin's *Autobiography* has received widespread praise, both for its historical value as a record of an important early American and for its literary style. It is often considered the first American book to be taken seriously by Europeans as literature.
