Ivor Timmis

**Corpus Linguistics for ELT: Research and Practice (Routledge Corpus Linguistics Guides)** Ivor Timmis

*Corpus Linguistics for ELT* provides a practical guide to undertaking ELT-related corpus research. Aimed at researchers, advanced undergraduate and postgraduate students of ELT and TESOL, and English language teachers, this volume:

- covers corpus research in the main areas of language study relevant to ELT: grammar, lexis, ESP, spoken grammar and discourse;
- presents a review of relevant corpus research in these areas, and discusses the implications of this research for ELT;
- suggests potential ELT-focused corpus research projects, and equips the reader with all the required tools and techniques to carry them out;
- deals with the growing area of learner corpora and direct classroom application of corpus material.

*Corpus Linguistics for ELT* empowers and inspires readers to carry out their own ELT corpus research, and will allow them in turn to make a significant contribution to corpus-informed ELT pedagogy.
