Kierkegaard's Fear and Trembling: Critical Appraisals

Kierkegaard's Fear and Trembling: Critical Appraisals

Kierkegaard's Fear and Trembling: Critical Appraisals was the first anthology of essays on Kierkegaard's classic to be published in English. The authors are a remarkable collection of scholars, some already well known and some standing at the beginning of their scholarly careers. The list of authors includes Louis Jacobs, David A. Pailin, Merold Westphal, Paul Holmer, Edward F. Mooney, John Donnelly, C. Stephen Evans, David J. Wren, Mark C. Taylor, Nancy Jay Crumbine, and Jerry H. Gill. The collection contains comparative, historical, and analytic essays focusing on Kierkegaard's relations to the Akedah, the multiple tensions raised by Abraham's sacrifice of Isaac. These essays abound with penetrating insights into many Kierkegaardian concepts that are important not just in Fear and Trembling but found throughout Kierkegaard's writings, such as paradox, resignation, faith, the absurd, the individual, the poet, the hero, immediacy, the ethical and its suspension, the leap of faith, offence, and silence.
