The definitive historic account of The Ventures, the world's number one instrumental group that had a worldwide smash hit in 1960 with "Walk-Don't Run." Their second biggest hit came nine years later with "Hawaii Five-0" but they didn't quit there, continuing non-stop on a fifty-year career of recording and touring towards America's Rock & Roll Hall of Fame. Co-authored by Josie Wilson, mother of founding member Don Wilson, the heavily illustrated book contains data for over 50 of the band's sixties recording sessions. Angel Editing comments; "The manuscript is extremely well written. You can see that a lot of time has been taken to convey the facts accurately and chronologically. What also comes across very well is the human and emotional side of the manuscript. This biography is a definite must for Ventures fans all over the world."
