English Wycliffite Sermons: Volume III (Oxford English Texts)

This third volume completes the text of the 294 English Wycliffite sermons; the first two volumes appeared in 1983 and 1987. These 120 sermons were intended to provide material for all the weekday occasions for which the Sarum rite offers a separate gospel reading. Offering coverage of ferial days which is unparalleled in English medieval homilaries, the sermons are must reading for anyone interested in the development of later medieval theology and ecclesiology, and in the rise of the vernacular as a medium for education and academic discussion.
