## **Stardogs** Dave Freer

The Interstellar Empire of Man was built on the enslavement of the gentle Stardogs, companions and Theta-space transporters of the vanished Denaari Dominion. But the Stardogs that humans found can't go home to breed, and are slowly dying out. As the ruthless Empire collapses from its rotten core outward, an Imperial barge is trapped on top of a dying Stardog when an attempted hijacking and assassination go horribly wrong. Trying to save its human cargo, the Stardog flees to the last place anyone expected - the long-lost Denaari motherworld. Crawling from the crash are the Leaguesmen who control the Stardogs' pilots by fear and force, and plan to assassinate Princess Shari, the criminal Yak gang, who want to kill everyone and take control of a rare Stardog for their own, and an entourage riddled with plots, poisons, and treason. But Shari and her assassin-bodyguard have plans of their own... Stranded on the Denaari Motherworld, the castaway survivors will have to cooperate to survive. Some will have to die. And some, if they make it to the Stardogs breeding ground, will have to learn what it means to love.
